Subject: follow up to today's meeting re: West Lake Landfill

Hi Erik,

I just wanted to touch base following our meeting this morning. We appreciated the opportunity to speak with you regarding the progress being made at the site. Following our meeting, we met with the Just Moms group who were in Senator McCaskill's office and listened to their concerns.

At the staff level, I want to ensure that we are responsive to inquiries from your office, either DC or the district. We will be providing regular updates to you and the other delegation offices regarding ongoing activities and progress at the site, but please let me and/or LaTonya Sanders-in EPA's Region 7 office know if you have any questions at any point.

Thank you,

Carolyn
